Forecast For East of England
Issued by Met Office Exeter
at 1600 on Monday 12 Jul 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Heavy thundery showers gradually fading overnight.

This Evening and Tonight:
Heavy showers continuing into the evening, before becoming lighter and more scattered during the late evening and overnight. Possibly some clear spells developing later in the night. Most parts dry by dawn. Minimum temperature 15 deg C (59 deg F).

Tuesday:
Any remaining overnight showers soon easing, then a largely cloudy day further west, with more in the way of sunshine further east. Some isolated showers may develop through the afternoon. Maximum temperature 21 deg C (70 deg F).

Outlook for Wednesday to Friday:
Largely dry and warm through this period, with sunny spells. However showers possible in the east on Wednesday. Mist and low cloud may affect coastal areas Wednesday and Thursday morning.
